

**Newham CAMHS Partnership
CAMHS Reference Group**

**What do young people, parents & carers
think about mental health services for
children & young people in Newham?**

The next CAMHS Reference Group asks this important question

Venue – St. John's Church, Stratford

Date: Tuesday 15th May 2007

Time: 14:15 – 16:15

What do people think about the range of services available?

Are there enough, in the right place, at the right time?

Do the people who plan services take enough note of what
young people and their parents / carers think?

Come to the next CAMHS Reference Group and have your say

There will be a short scene setting presentation
from people who use services
followed by discussion in groups

**Newham
Child and Adolescent
Mental Health Services**
